

## New resources to support Early Education for Sustainability

The following is a list of new resources that will support your service on your sustainability journey.

<https://www.edchild.com/>

‘Sustainability from the Start’ is on the ECE Academy App (AppStore/Google Play) and offers eight learning modules around sustainability for early childhood educators. This was launched in September 2023 and is freely available in multiple languages. It was developed in collaboration with Kristianstad University, OMEP Europe and edChild.

<https://www.ohchr.org/en/documents/general-comments-and-recommendations/general-comment-no-26-2023-childrens-rights-and>

The United Nations Committee on the Rights of the Child (CRC) has just published a General comment No 26 (2023) on Children's Rights and the Environment with a specific focus on climate change.

[About - This Is Planet Ed](#)

This is a new initiative in the USA from the Aspen Institute, launched in late 2022 and it addresses education at all levels and climate change, inclusive of EC with relevant speakers.
